

RAYA

Agro

A close-up photograph of a person's hands holding two ripe, red strawberries. The person is wearing a blue long-sleeved shirt. The background is a lush field of green strawberry plants with large, serrated leaves. The lighting is bright and natural, highlighting the texture of the strawberries and the vibrancy of the green leaves.

ABOUT US

Raya Agro is a subsidiary from Raya Foods that was established in 2020. Its main focus is exporting the highest quality of fresh Strawberries from soil to the rest of the world.

Raya Agro is also the main Strawberry provider for Raya Foods to be further processed and frozen at their factory.

*Exporting
Fresh Strawberries
.....From Soil.....*

to the Rest of the World

Raya Agro Farm

400
acres

LANDSCAPE

Raya Agro farm is around 400 acres

Red Cleo

ON SITE PROCESSING STATION

There's an on-site processing station for the fresh strawberries to be sorted and packed instantly before sending them to our clients.

The Airport is 2 hrs away from the farms which facilitates the transportation process.

Raya Foods' Main Supplier

Being 30 minutes away from Raya Foods factory, fresh strawberries are directly sent to the factory after harvesting to be sorted and frozen.
